

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

HB 45 – SB 662

March 8, 2017

SUMMARY OF ORIGINAL BILL: Deletes the requirement that local education agencies (LEAs) provide K-12 students with a specific amount of non-structured physical activity dependent on the students' grade level.

FISCAL IMPACT OF ORIGINAL BILL:

NOT SIGNIFICANT

SUMMARY OF AMENDMENT (004603): Deletes all language after the enacting clause. Requires a minimum 130 minutes of physical activity each school week for elementary school students and 90 minutes of physical activity each school week for middle and high school students. Requires the Office of Coordinated School Health under the Department of Education (DOE) to provide an annual report by August 1 to the Education Administration and Planning Committee and the Education Instruction and Programs Committee of the House of Representatives, and the Education Committee of the Senate.

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Unchanged from the original fiscal note.

Assumptions for the bill as amended:

- No change in the Basic Education Program (BEP) funding formula.
- The Office of Coordinated School Health under the DOE can compile the required report using existing resources without a reduced reversion to the General Fund.
- Pursuant to Tenn. Code Annotated § 49-6-1021, a tiered system of non-structured physical activity is required under current law. The fiscal impact of changing the weekly amount of physical activity for K-12 students within the tiered system is estimated to be not significant for state or local government.
